

Here are just some of the key guidelines each of our installers work within, in order to be 'HomeSmart Approved'.

We believe an 'excellent' installer is not just highly skilled in their work, but in their care for our customers and their homes.

Always ensure the site is left clean & tidy.

Always act with courtesy and professionalism.

Take the utmost care driving to and from site and when parking/positioning vehicle at customers property.

Excellent communication & Punctuality are essential.

Always be respectful and courteous to the customers and their neighbours.

On completion please ensure final customer walk round is carried out, ensuring the customer is 100% happy.

Always carry identification.
